ARE WILLING TO PAY

Cuban Leaders Interviewed by a New York Paper.

AUTONOMY OUT OF QUESTION.

Most of Them Favor Indemnifying Spain If She Evacuates the Island at Once. Think the United States Could Well Afford to Guarantee the Payment of \$200,000,000.

NEW YORK, Oct. 4.—A morning paper prints a number of interviews with leading Cubans here on the situation in the island.

The Cubans all declare that autonomy for the islands is out of the question, but most of them are in favor of paying Spain a reasonable indemnity providing she evacuates the island at once.

T. Estrada Palma, representative of the Cuban provisional government, said: "To the Cuban patriots it makes little difference whether a liberal or conservative ministry directs affairs in Spain. A change in government in Spain does not alter the case of the Cubans. They are now more firmly determined than ever to push the fight until the absolute independence of Cuba is acknowledged. I believe the Cubans are willing to pay a reasonable indemnity to Spain provided she withdraw her troops from Cuba before the island is completely ruined."

Enrique J. De Varona said: "I believe autonomy would complicate rather than solve the Cuban situation. Absolute independence is the aspiration of the immense majority of the Cuban people. Cuba needs a definite political regime. Spanish autonomy would not give it to the island. The only practical solution of the Cuban problem is absolute independence."

Colonel F. Lopez de Queralt, formerly of the United States army and a veteran of the 10 years' war in Cuba, said: "I would like to see Cuba freed by force of arms. But to avoid further shedding of blood of innocent people I would, though painfully, sign and give my consent to a compensation to Spain for the sake of getting rid of the Spanish."

Brigadier Eugenio Sanchez Agramonte, surgeon-general of the Cuban army, said: "Cubans are firmly determined to fight until absolute independence is accomplished. But a few millions more or less, provided the sum is reasonable, will be paid by them to Spain in order to avoid a prolongation of the struggle."

Regarding the plan for the purchase of Cuba from the Spanish government, General Emilio Nunez said: "I cannot see how the plans for the freedom of Cuba on the basis of a guarantee to Spain by the United States of an indemnity of \$200,000,000 in cash can be displacing to any of the parties, except that the amount is greatly in excess of the true value of the relief left by Weyler."

"The United States could afford to back up the proposition because it would have the revenue of Cuba to guarantee reimbursement and would gain immediate improvements of its trade relations. I believe that, stern as our resolution is never to lay down our arms to Spain, the majority of our people are not so unwise as to imagine it better to fight to the last gasp rather than cease struggle on terms so favorable as are now possible."

SURPRISED AZCARRAGA.
Queen Regent Disapproved of His and Canovas Policy.
MADRID, Oct. 4.—The queen regent took a strong initiative during the cabinet crisis and profoundly surprised General Azcarraga by leaving him no alternative but resignation. She frankly expressed her disapproval of the conservative administration, especially in its treatment of the anarchist prisoners at Fortress Montjuich.

She says she had allowed Senor Canovas to remain in office in the hope that he would modify the rigor of his impulsive policy in Cuba. She waited patiently for two months after the death of Senor Canovas in the hope that the new government would correct these evils and then took it upon herself to consult General Campos, Senor Silveira and others as the best means of pacifying Cuba and thus seal a march on American diplomacy.

All the statesmen whom she consulted advised a liberal cabinet as the best means of attaining the queen's wishes. She then thanked General Azcarraga for his splendid services as minister of war and intimated her intention to appoint Senor Sagasta as president of the council.

No Foreign Influence.
NEW YORK, Oct. 4.—A dispatch from Madrid says: A correspondent called yesterday on Premier Sagasta, who said in response to queries:

"You ask me if the liberal party would assent to mediation by the United States with a view to hastening the pacification of Cuba and inducing the rebels in arms and exile to accept autonomy."

"Why should we need mediation when our intentions—long and often expressed by the Liberal party—aim at realizing all that America could suggest?"

"No Spanish party, certainly not the Liberals, could assent to foreign interference in our domestic affairs or with our colonies. No government could hope to induce the nation to accept such interference."

Gets the Guatemalan Mission.
WASHINGTON, Oct. 4.—Senator Deboe and Mr. Hunter had a long talk with the president late Saturday. Mr. Hunter will accept the Guatemalan mission, and the official announcement will be made within a few days. As a result of the conference with Senator Deboe the president has promised to make the appointment of D. N. Comins to be collector of internal revenue for the Covington district.

YELLOW FEVER.

Number of New Cases and Deaths Reported.

NEW ORLEANS, Oct. 4.—There were 27 cases and two deaths reported from yellow fever yesterday.

In the past week the foci of infection have not been largely increased. Dr. Metz reports that by tomorrow all the houses in the St. Claude district, where the infection was first introduced, will be released from quarantine. The fever was confined to the single square in which it started. The authorities have also been successful in wiping out the foci of infection of Hospital street and of the Home for Homeless Men.

Of the new cases 11 are in houses where fever has heretofore been reported. The other cases are pretty well scattered and none were reported at the detention camp, in any of the asylums or hospitals.

Among the cases reported to the board of health yesterday are three from Algiers, opposite New Orleans. These make a total of five cases in Algiers.

Church services were held yesterday in Ocean Springs for the first time since the sickness there was declared to be yellow fever. There were no cases of the prevailing fever under treatment and the people of Ocean Springs now believe that all further danger has passed.

The state board of health's official bulletin says: New cases of yellow fever, 31; deaths, 27; total cases of yellow fever, 317; total deaths of yellow fever, 36; total cases absolutely recovered, 93; total cases under treatment, 188.

MOBILE.
Four New Cases and No Deaths—Relief Work Started.

MOBILE, Oct. 4.—There were but four new cases yesterday and no deaths.

The Can't-Get-Away club reports that all the sick of yellow fever had been visited and all but one found in favorable condition. An appeal will be addressed to the home folks here and abroad, the resulting money to be disbursed by the Can't-Get-Away club for the assistance of the needy. The fund on hand starts the relief work today. There has not been a new case at Ocean Springs for eight days.

Fever at Edwards.

EDWARDS, Miss., Oct. 4.—The doctors reported 14 new cases of yellow fever yesterday of whom seven are white. Total deaths to date 12. Total number under treatment 127. Total number discharged and convalescent 178. Number seriously ill 7. Mayor Redfield is doing well, as is Father Prendergast. There are four cases of yellow fever at Nittanyouma.

Situation Serious.
SCRANTON, Miss., Oct. 4.—There were two deaths here today. Al Delmas, a clerk old, daughter of I. P. Delmas, city clerk, and Dominick Desmond. It was claimed that he had an official report of the number of new cases, but there are many and some of them are very sick. The situation is quite serious.

Two Deaths and Twenty Two Cases.
BLOOMING, Miss., Oct. 4.—There were two deaths yesterday. Total yellow fever cases, 280; total yellow fever deaths to date, 9; new cases, 22.

WHEAT CROP.
Final Estimate Based on Actual Threshing Returns.

CHICAGO, Oct. 4.—The Orange Judd Farmer, in its final estimate of the year's wheat crop, says that figures based on actual threshing returns indicate a total yield of 589,000,000 bushels of which 373,630,000 bushels is winter and 215,470,000 bushels spring wheat. With the exception of Illinois and Missouri, the winter wheat yield represents the full capacity of the soil. The spring wheat yield in Minnesota and the Dakotas has proven a disappointment, the aggregate being only 130,000,000 bushels. The shortage there is in a measure counterbalanced by the good yield in Nebraska, Oregon and Washington.

NEW GREEK CABINET.

Favorable Reception Accorded the Ministers by the Press.

ATHENS, Oct. 4.—The new cabinet organized by M. Zaimis has met with favorable reception from the press. The Asy, The Akropolis, The Ephemeris and The Serp all denounce M. Delianis. The Serp hopes that the "Greek Ollivier" will cease to disturb the country he ruined, adding that "his return to power would be a national disgrace." The new ministers have taken the oath of office before King George.

Will Work for George.

NEW YORK, Oct. 4.—Former Congressman Tom L. Johnson of Cleveland, has come to this city to work for Henry George. Mr. Johnson has won fame by his hustling campaigns in Ohio.

TELEGRAPHIC BRIEVITIES.

The attendance at the Nashville exposition since the opening up to Oct. 1 amounted to 1,196,985.

Two troops of cavalry have been sent to Darlington in Indian agency to keep order during the Choctaw elections.

Joe Wheeler has made a new record for 4-year-old pacing geldings, having made a mile in 2:07 1/2 at Oakland, Cal.

John L. Stoddard of Boston has announced his retirement from the lecture platform after 18 years of active work. He has lectured 2,500 times and is worth \$500,000.

The estimated earnings of the Chicago, Rock Island and Pacific railway for the month of September are \$1,807,091 an increase as compared with September, 1896, of \$144,029.

The steamer Rowena Lee struck a snag near Moon's Landing, on the Mississippi river, and sunk. Crew and passengers were saved. Seventy-five bales of cotton floated down the river.

The Chicago, Rock Island and Pacific railway company has offered a reward of \$500 each for the capture of the five men who held up and robbed its passenger train at Chokas, N. Y.

WATER FAMINE IMPENDING.

Kansas and Missouri Suffering From the Drought.

KANSAS CITY, Oct. 4.—A water famine is impending in this part of the southwest. In the immediate vicinity of Kansas City there has not been such a scarcity of water for 17 years. All the small streams and many of the ponds in Jackson county are reported to be dry and the same is true all over this section of the country.

Almost every town in Missouri and Kansas is already feeling the effects of the water famine. Those which are coming out best are the ones which have artesian wells. The suffering among the farmers is greater than in the towns, however. Many farmers have for days been obliged to haul water for miles. Stock as well as people are suffering and vegetation is drying up. Unless rain comes soon severe results may ensue.

AUTHOR'S FUNERAL.

Mrs. Katharine Hodges Buried by the Order of the Eastern Star.

CHICAGO, Oct. 4.—The funeral of Mrs. Katharine Hodges, the well-known authoress, took place yesterday. The services were held under the auspices of the Masonic order of the Eastern Star. Mrs. Hodges, whose death from apoplexy occurred last Thursday, was widely known as an authoress and newspaper worker. She was a member of the Woman's Press association, president of the Authors' Protective Publishing company and the author of several books, among which are "Fifty Years a Queen" and "Life of Mrs. Henry Ward Beecher."

ECLIPSE OF THE SUN.

Two Expeditions Will Visit India to Witness the Event.

OAKLAND, Cal., Oct. 4.—Two expeditions will leave the state this month for India to witness the total eclipse of the sun. Professor Charles Burkhalter, astronomer at the Chaboy observatory will go with a complete outfit, and Professor W. W. Campbell of Lick observatory will represent the state institution. The Pierson expedition for the Chaboy observatory will leave Oct. 30. W. W. Campbell of the Lick observatory will start Oct. 21 and it is not probable that the two expeditions will meet in the Orient.

Slough Beds Burning.

WATSEKA, Ill., Oct. 4.—A phenomenon is exciting Watseska. The earth is on fire. The old slough beds burn like dry peat in the hot weather, the conflagration extending three or four feet into the ground. Portions of several farms are affected, and in several instances buildings have only been saved by timely work. Nothing can extinguish the fires but a drenching rain. Fortunately, progress of the flames is slow.

Sequel to an Elopement.

LOUISVILLE, Oct. 4.—The sequel to the elopement of William Russell Taggart, son of John H. Taggart, the wealthiest man in town, last week, came late Saturday in the shape of a divorce suit against his wife, Maria G. Taggart. Taggart alleges that the defendant, whom he met while in a drunken condition, "induced" him to elope with her to Jeffersonville. Young Taggart was engaged to a society belle.

Robbed a Street Car.

KANSAS CITY, Mo., Oct. 4.—Two men, at the points of revolvers, stopped a cable train one mile south of the city on the Summit street line on the last Saturday night, secured what small change the conductor had and escaped. Gripman N. J. Israel did not comply with the order to stop quick enough and one of the men fired a shot at him. The robbers were young men.

Reports From Copper Creek.

SEATTLE, Wash., Oct. 4.—The steamer Wolcott has arrived from Prince William sound, Alaska. The Wolcott had two passengers, who report that everything was quiet on the Copper river. Ex-United States Marshal Lewis Williams of Alaska, who was one of the passengers, states that it is utterly impossible for boats to ascend Copper river owing to rapids and other obstructions.

Putting the baby to bed is the greatest joy of a happy day to a healthy mother.

Many mothers dread this motherly duty to a nurse. Some mothers hardly see their baby live long day. This is not because they are without mother-love or the natural impulses of a womanly woman. It is because of their own ill-health and broken nerves, and because baby is also sickly and peevish.

This unfortunate state of affairs might have been avoided had the mother, during the period of expectant motherhood, taken the right care of the delicate organs that make maternity possible. A woman should always keep these important organs well and strong. Her own health and that of her child depend upon it.

The best medicine for prospective mothers is Dr. Pierce's Favorite Prescription. It makes healthy and strong the organs that are the seat of maternity. It cures all disease and weakness. It makes comfortable the period preceding motherhood and renders the advent of baby easy and nearly painless. It insures a healthy child. The natural and suffering that women endure, as a result of weakness of the distinctly womanly organism, vanish under its use. All good druggists sell it. There is nothing else "just as good."

"I want to tell you," writes Mrs. N. A. Thomas, of 400 Pleasant Street, Little Rock, Ark., "that my daughter, Mrs. Lawrence, who lives in Texas, has been under the doctor's care for four years. I lately sent her word to try the medicine which cured me, Dr. Pierce's Favorite Prescription, and I have just heard that it has done her more good than all the doctors."

"The People's Common Sense Adviser" explains symptoms of ailments common to every family, and suggests remedies. It has several chapters on woman's diseases and weaknesses. An edition in heavy paper covers will be distributed absolutely free. Send the World's Dispensary Medical Association, Buffalo, N. Y., 21-cent stamps, to pay the cost of mailing only. Cloth binding may be had for 10 cents extra—31 cents in all.

Did't Win and Shot Himself.
CINCINNATI, Oct. 4.—Joseph P. Holzbach of the police force committed suicide by shooting last night. He had come only second in a newspaper coupon vote for the most popular policeman on the force. The prize to the winner is a free trip to the Nashville exposition.

Tortured With Hot Irons by Thibetans.
BOMBAY, Oct. 4.—Henry Savage Landor, a well known artist, traveller and writer, and grandson of the celebrated Walter Savage Landor, has just returned to India after a terrible experience.

He had undertaken an exploring tour in Thibet, but he was abandoned by all the members of his company except two coolies. Finally the Thibetans arrested him by an act of treachery, sentenced him to death, and, after torturing him with hot irons, actually carried him to the execution ground.

At almost the last moment the execution was stopped by the grand lama, who commuted the sentence to torture by the "stretching log," a species of rack, which greatly injured Mr. Landor's spine and limbs. After being chained for eight days he was released. Mr. Landor has no fewer than 22 wounds as the result of his torture.

RIO GRANDE WRECK

Two Passengers Killed and Thirteen Others Injured.

CAUSED BY RAILS SPREADING.

Wholesale Case of Poisoning by a Mother. Strychnine Placed in Coffee of Which She and Her Children Partook With Fatal Results—Father and Two Sons Escape the Dose.

COLOPAXI, Colo., Oct. 4.—The first section of the Denver and Rio Grande narrow gauge train No. 4 met with an accident just west of here yesterday. The accident is believed to have been caused by the spreading of the rails. Two passengers were killed. The train was made up of one baggage car, three tourist cars, one coach, three sleepers and a pay car.

One coach, three sleepers and the pay car left the track and rolled over on their sides. The wreck occurred at the end of a trestle, the last car of the train having only passed across the bridge. Had the accident occurred while the train was crossing the trestle the loss of life would undoubtedly have been very great. The following is a list of the dead and injured. The dead:

Mrs. McIntyre of Silverton, killed outright.

Fred W. Seyler of Cincinnati died on the train going to Salida.

Seriously injured:

Mrs. Robinson of Delta, head injured.

Mrs. Mary Johnson, Telluride, right shoulder injured.

Frank E. Adams, Telluride, cut about head.

Miss Ada Crompton, Delta, slightly injured.

Mrs. Saunders, Salida, cut on lip and left shoulder.

Slightly injured:

Miss Laura Gales, Denver, cut on head.

Mrs. James Kirk, Montrose, slightly bruised.

Mrs. G. N. Compton, Denver, back slightly injured.

J. H. Shay, Telluride, left leg and right shoulder hurt slightly, cut about head.

Lulu Chase, Denver, but cut over right eye.

F. H. Posey, Denver, right arm broken.

John Moling, Telluride, slightly hurt.

C. H. Bordenester, Telluride, right side of face scratched.

A number of the more seriously injured were taken to Salida where they are being cared for.

Those who could continue their journey to Denver. The wrecked train was bringing excursionists to Denver to attend the carnival exercises.

FAMILY POISONED.

Four Children and the Mother Dead and Others in a Serious Condition.

SCHUYLER, Neb., Oct. 4.—Frank Steind came hastily in from Shell Creek precinct, nine miles northwest, yesterday to summon a physician to the home of Frank Davis, where he said the whole family had been poisoned. Dr. Sixta hastened out and found four of the seven children in the family and their mother dead, a fifth child in a dying condition and a sixth victim sick. Mr. Davis and his eldest son went away early in the morning, leaving before the rest of the family breakfasted. When the meal was prepared all sat down, and early in the course of the meal Mrs. Davis made some such remark as: "Eat a good breakfast and we'll go together." An older son's mind was affected by the remark to the extent that he did not appear his appetite. A daughter, younger than the son, after drinking about half a cup of coffee, became sick and vomited. The rest of the family continued the morning meal, although the children made very wry faces and said the coffee did not taste good. Strychnine had been put into the coffee and soon showed its effects. When those not prostrated spread the alarm, but not soon enough to avoid the fatal effects noted.

Fatal Prairie Fires.

WINNEPEG, Man., Oct. 4.—The prairie fire which raged all over the country Saturday, left a terrible scene of death and devastation, farm houses, implements, crops and live stock were everywhere consumed and many farmers lost their all. Forty miles east of this city two women and five children named Moreski were burned to death. Fire came up to their house, which was in the woods, from two directions simultaneously and shut off all means of escape. Only a few charred remains were found yesterday. There were many narrow escapes, carcasses of horses, cattle and sheep are lying all over the district and a number of families of foreigners are homeless and utterly destitute. The town of Bagot, 70 miles west, was totally destroyed.

TERRIBLE EXPERIENCE.

Tortured With Hot Irons by Thibetans.

Why is a Building Association Safe and Profitable?

Because they loan only on first mortgage.

Because they enable you to convert rent money into a home.

Because they make better Citizens of the poorer classes, by the more equal diffusion of wealth.

Because they are purely mutual, as each share receives its part of the profit.

Because they stimulate the building trade, give labor employment and improve values.

Because they enable the poor man to acquire a home.

John R. McLean's
Great Newspaper.

Without a single exception, there is no doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; and a more successful publisher than its proprietor, Mr. John R. McLean. The time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; and times and cheaper journals failing to arrest its onward march and high appreciation of the public for its worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: 'The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to with a cheaper journal cannot afford to do so.'

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve faithfully with zeal and enterprise in minor matters as well as in the greater magnitude.

If you eat what you like, and digest it, you will surely be strong and healthy.

But if you don't digest it, you might almost as well not eat, for what good can your food do you if it don't nourish you?

If you find that you can't digest it there is a simple help for your stomach.

It is Shaker Digestive Cordial, made by the Shakers of Mount Lebanon. It has never failed to cure the worst case of indigestion.

Strength and health come from the food you eat, after it has been digested and has gone into the blood.

The best tonic is digested food. The best aid to digestion, Shaker Digestive Cordial.

When you have acid eructations, nausea, headache, wind, dizziness, offensive breath, or any other symptoms of dyspepsia, Shaker Digestive Cordial will cure you.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other disease.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours, sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, bottled free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. HOUSES BUILT IN TREES.

New Guinea Claims the Distinction of Furnishing This Unique Spectacle.

Man was indubitably at one period of his existence an arboreal animal. He had much to do with "the trees of the garden." In some places and as represented by some races he still lives among them.

The natives of New Guinea climb like monkeys and travel for long distances from one tree to another without descending to the ground. The birds build little fairylike cabins on the ground, but the people construct their houses in the top of the tallest forest trees. First a native, having climbed the great trunk of the oak or cedar or oak tree he has selected, begins by cutting off some of the branches the right length to support a platform of bamboo on which his house is to rest. You would wonder how he could do anything with the tools he uses if you should see them. He has no saw or steel edged ax, but only a sort of tomahawk made of stone and knives of bone or hard wood. When, however, he has in some way managed to get the limbs of his tree so cut and fashioned as to support his house, his hardest work is done.

The house itself is soon built and is made of bamboo strips and thatched with palm leaves. All parts are firmly lashed together with strips of rattan palm, a very tough vine, used by the natives in place of ropes. It is not a large house, though it sometimes contains several rooms, but it is a safe and secure retreat for the women and children in case of a sudden attack by hostile tribes.

The house is reached from the ground by a long ladder or inclined plane, made of woven vines. In case an enemy appears the ladder is drawn up, and the man and his family and the pig are safe within the house. The elevation not only secures the household from wild beasts and from the ants that roam the country, seeking what they may devour, but also from disease germs, which, like those of yellow fever, do not rise above a certain level. The breeze, too, rocks the house gently, like a cradle, and sets the fresh air into circulation, making it delightfully refreshing after the sultry heats below.

If you should climb the long ladder and peep in at the door, you will find the family, perhaps, all asleep or sitting about the floor eating yams, coconuts and bananas, and sharing them with their pet pigs, parrots or poultry. You will find there no pictures, toys or playthings, such as even the poorest children among us possess; no music and no books, no furniture in the room, not even a bed and no mats on the floor.

Many a true built nest is constructed with more art and is more comfortable for the little ones who are born in it, and is far prettier than the rude huts of the wild men of New Guinea.—Philadelphia Inquirer.

THE SUN'S DISTANCE.

Would Take Five Hundred Years to Cover It at a Swift Steamer's Pace.

"The sun is about 93,000,000 miles distant from the earth," writes Alden W. Quimby in Ladies' Home Journal. "It varies through the year because the earth's orbit is elliptical, and the sun is at one focus of the ellipse. The earth is more than 3,000,000 miles nearer the sun in December than in June, at which time the latitudes south of the equator receive his direct rays and experience the great heat of their summer. Let us try to comprehend the figures stated. The other day two racers of the sea proudly lowered the record of transatlantic passage. Could they turn their backs to the sun, and drive their great engines day and night in the crossing of the ether main, it would be 500 years before they could reach harbor."

"Most persons have noticed the appreciable interval of time between the stroke of an ax at a distance and the resultant sound. Could we hear the sound of a solar explosion we would know that the explosion had occurred 14 years before. Perhaps the most striking illustration is that which imagines a little child to have an arm long enough to reach the sun. The child might thrust its fingers into the scorching fires, but it would grow up to maturity and calmly descend into the valley of extreme old age, blissfully unconscious of any pain from the burning; in fact, it would require another such lifetime to bring the news to the brain."

Birds That Feign Death.

One of the most remarkable devices resorted to by wild things for their own protection is that of shamming death. A beetle or spider will double in its legs and lie as if dead. The reason for this is obvious. It may then be passed over, mistaken for a bit of leaf or stick. But it is more difficult to account for this practice in birds.

A moor hen on land rail will feign death, lying in the hand perfectly limp and to all appearances unconscious. It has been suggested that the idea is that, being already dead, the captor will not trouble to kill them.

More probably it is merely a ruse in the hope that by lying still they may be forgotten and crawl off presently unobserved. Another reason is suggested by the fact that cats and the cat tribe do not often touch their prey unless it moves.—London Standard.

A Double Purpose.

Get into the habit of walking with the eyes cast thoughtfully on the ground. It gives people the impression that you are a deep thinker, and you may be able to pick up articles of value that others have lost.—Acheson Globe.

Companions of the noble orders take rank immediately after the knights of the same order, their precedence among themselves being arranged by a complicated but well understood system.

Many books require no thought from those who read them, and for a simple reason—they need no such demand upon those who write them.—Colton.

Last Month of the Tennessee Centennial and Industrial Exposition.

The month of October closes this greatest of all expositions ever held in the South, and next to the Columbian, the best ever held in this country. For the closing month special attractions have been arranged and the rates from all parts of the country have been made lower than ever before known. The location (Nashville, Tenn.) is on the main line of the Louisville & Nashville railroad, directly on its through car route between the north and south, and the trip in either direction via that city can be made as cheaply, if not cheaper, than via any other route. Ask your ticket agent for rates, or write to C. P. Aumo, General Passenger Agent, Louisville, Ky., for rates and information.

Ticket agents of the Pennsylvania Lines will furnish information regarding Home-Seekers' Excursions to various points in the northwest, west, south and south. It will pay you to investigate it you contemplate a trip. Apply to nearest Pennsylvania Line Ticket Agent, or address W. W. Richardson, district passenger agent, Indianapolis, Ind.

CHEAP TRIP
To Mammoth Cave and Tennessee Centennial.

Personally conducted excursion via Pennsylvania Lines. The Ideal Autumn Outing.

A special party of teachers and friends will visit the famous Mammoth Cave and the Tennessee Centennial at Nashville early in October in charge of Prof. C. F. Patterson, superintendent of public schools at Edinburg. The trip will be made over the Pennsylvania line Friday evening, October 1st. The train will leave Seymour, Ind., at 4:51 p. m. that date.

Special arrangements have been made for the reception of the party at Mammoth Cave, which will be reached the same evening. Explorations of this wonderful work of nature will be concluded Saturday morning, when the party will proceed direct to Nashville, reaching the Centennial Exposition early Saturday afternoon, enabling excursionists to spend Saturday afternoon and evening viewing the sights at the exposition. Advance arrangements have been made for their entertainment at Mammoth Cave as well as at Nashville at reduced rates. The entire trip, fare and entertainment, need not cost over \$12.

The return journey may be made so that teachers need not miss being on hand at their school, as they may get back in ample time to resume school duties Monday morning. A cordial invitation is extended the public to take advantage of the low rates and special arrangements. The excursion will not be restricted to special parties or individuals. Every Saturday Tourist Sleeping Car Route to California.

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union Passenger Station of the Chicago, Milwaukee & St. Paul railway at 10 o'clock, running over the Chicago and Omaha Short Line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada and Sacramento, Cal., arriving at San Francisco at 8:45 p. m. Wednesday.

As will be noticed, this route is Midland through Northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies), Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery.

These popular every Saturday California excursions for both first and second class passengers (not foreign emigrants) are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together, or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey.

Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant, and the sleeping berth rate is but \$6.00 (for two persons) from Chicago to California.

Ask the nearest ticket agent for a tourist car "folder," giving complete information about the Midland Route or address "Eastern Manager Midland Route," No. 95 Alameda street, Chicago, Ill., or Robt. C. Jones, Traveling Passenger Agent, C. M. & St. P. Ry., 40 Crew Building, Cincinnati, O.

ARE WILLING TO PAY

Cuban Leaders Interviewed by a New York Paper.

AUTONOMY OUT OF QUESTION.

Most of Them Favor Indemnifying Spain If She Evacuates the Island at Once. Think the United States Could Well Afford to Guarantee the Payment of \$200,000,000.

NEW YORK, Oct. 4.—A morning paper prints a number of interviews with leading Cubans here on the situation in the island.

The Cubans all declare that autonomy for the island is out of the question, but most of them are in favor of paying Spain a reasonable indemnity providing she evacuates the island at once.

T. Estrada Palma, representative of the Cuban provisional government, said: "To the Cuban patriots it makes little difference whether a liberal or conservative ministry directs affairs in Spain. A change in government in Spain does not alter the case of the Cubans. They are now more firmly determined than ever to push the fight until the absolute independence of Cuba is acknowledged. I believe the Cubans are willing to pay a reasonable indemnity to Spain provided she withdraw her troops from Cuba before the island is completely reconquered."

Enrique J. De Varona said: "I believe autonomy would complicate rather than solve the Cuban situation. Absolute independence is the aspiration of the immense majority of the Cuban people. Cuba needs a definite political regime. Spanish autonomy would not give it to the island. The only practical solution of the Cuban problem is absolute independence."

Colonel F. Lopez de Queralta, formerly of the United States army and a veteran of the 10 years' war in Cuba, said: "I would like to see Cuba freed by force of arms. But to avoid further shedding of blood of innocent people I would, though painfully, sign and give my consent to a compensation to Spain for the sake of getting rid of the Spaniards."

Brigadier Eugenio Sanchez Aguirre, surgeon general of the Cuban army, said: "Cubans are firmly determined to fight until absolute independence is accomplished. But a few millions more or less, provided the sum is reasonable, will be paid by them to Spain in order to avoid a prolongation of the struggle."

Regarding the plan for the purchase of Cuba from the Spanish government, General Emilio Nunez said: "I cannot see how the plans for the freedom of Cuba on the basis of a guarantee to Spain by the United States of an indemnity of \$200,000,000 in cash can be displeasing to any of the parties, except that the amount is greatly in excess of the true value of the relief they will receive."

TERRIBLE RESULT OF A BOILER EXPLOSION AT AN OIL WELL.

FINDLAY, O., Oct. 4.—A boiler on the William Russell farm, near here, exploded Saturday instantly killing R. H. McLaughlin, a driller at work on an oil well being drilled by the Mecca Oil company of Cincinnati. McLaughlin was lying under the boiler when the explosion took place. His body was completely severed from his head and was thrown a distance of 100 feet, while the body was hurled 50 feet in the opposite direction.

DUEL AT CHURCH.

TWO YOUNG MEN FIGHT WITH KNIVES DURING SERVICES.

CORINTH, Ky., Oct. 4.—During services at Cavanaugh chapel, near Corinth, Bill Kelly and Wade Whitton became involved in a fight, and the former was cut into shreds with a knife in the hands of the latter. The young men were rival suitors for the hand of a young lady, hence the duel.

RICHER THAN KLONDIKE.

ONE AT NOGLES, N. M., RANS FROM \$1,000 TO \$60,000 PER TON.

ROSWELL, N. M., Oct. 4.—A syndicate of capitalists headed by ex-Governor Barney Gibbs of Texas has had an expert for the past week at Nogales investigating the mines there with a view of investing in them. Large quantities of ore have been found that runs in gold from \$1,000 to \$60,000 per ton. "American" has ore enough in sight to keep it running for six months and is only down 150 feet. There are numerous other new mines that are promising as the "American."

KILLING OF AGENT PENHORWOOD.

Now Believed He Was Murdered by a Hired Assassin.

KILLBUCK, O., Oct. 4.—Fred Penhorwood, the murdered ticket agent of this place, was buried yesterday. The sheriff and a posse have been scouring the southern part of the county for the unknown tramp, who was supposed to have committed the deed, but without success. The people now believe he was put out of the way by an assassin hired by an enemy for revenge. Excitement is intense.

PLAYED MINER.

CORNING, O., Oct. 4.—Frank and Edward Shaw, aged respectively 10 and 12 years, of this place, while at play Saturday, dined at a hole in a rock where parties had been blasting a mine and filled it with powder. The powder exploded prematurely, lacerating the faces and upper portions of the boys' bodies. Frank's eyes were blown out and Edward badly injured.

TROOPS WITHDRAWN.

HAZLETON, Pa., Oct. 4.—It was announced last night that the battalion of troops still stationed here would be withdrawn late today. All the militia will then have left. The miners are nearly all at work and affairs have again resumed their normal condition.

WEATHER.

Indiana—Fair; warmer.
Illinois—Fair.
Ohio—Fair; slightly warmer.

YELLOW FEVER.

Number of New Cases and Deaths Reported.

NEW ORLEANS, Oct. 4.—There were 27 cases and two deaths reported from yellow fever yesterday.

In the past week the foci of infection have not been largely increased. Dr. Metz reports that by tomorrow all the houses in the St. Claude district, where the infection was first introduced, will be released from quarantine. The fever was confined to the single square in which it started. The authorities have also been successful in wiping out the foci of infection of Hospital street and of the Home for Homeless Men.

Of the new cases 11 are in houses where fever has heretofore been reported. The other cases are pretty well scattered and none were reported at the detention camp, in any of the asylums or hospitals.

Among the cases reported to the board of health yesterday are three from Algiers, opposite New Orleans. These make a total of five cases in Algiers.

Church services were held yesterday in Ocean Springs for the first time since the sickness there was declared to be yellow fever. There were no cases of the prevailing fever under treatment and the people of Ocean Springs now believe that all further danger has passed.

The state board of health's official bulletin says: New cases of yellow fever, 27; deaths, 2; total cases of yellow fever, 317; total deaths of yellow fever, 36; total cases absolutely recovered, 93; total cases under treatment, 188.

MOBILE.

Four New Cases and No Deaths—Relief Work Started.

MOBILE, Oct. 4.—There were but four new cases yesterday and no deaths.

The Can't-Get-Away club reports that all the sick of yellow fever had been visited and all but one found in favorable condition. An appeal will be addressed to the house folks here and abroad, the resulting money to be disbursed by the Can't-Get-Away club for the assistance of the needy. The fund on hand starts the relief work today. There has not been a new case at Ocean Springs for eight days.

FEVER AT EDWARDS.

EDWARDS, Miss., Oct. 4.—The doctors reported 14 new cases of yellow fever yesterday of whom seven are white. Total deaths to date 13. Total number of cases to date 127. Total number discharged and convalescent 178. Number seriously ill 7. Mayor Redfield is doing well, as is Father Prendergast. There are four cases of yellow fever at Nittayouma.

SITUATION SERIOUS.

SCRANTON, Miss., Oct. 4.—There were two deaths here today. Alice Delmas, 4 years old, daughter of I. P. Delmas, city clerk, and Dominick Desmond. It was impossible to get an official report of the number of new cases, but there are many and some of them are very sick. The situation is quite serious.

TWO DEATHS AND TWO CASES.

BLOXI, Miss., Oct. 4.—There were two deaths yesterday. Total yellow fever cases, 290; total yellow fever deaths to date, 9 new cases, 22.

WHEAT CROP.

Final Estimate Based on Actual Threshing Returns.

CHICAGO, Oct. 4.—The Orange Judd Farmer, in its final estimate of the year's wheat crop, says that figures based on actual threshing returns indicate a total yield of 589,000,000 bushels of which 373,630,000 bushels is winter and 215,470,000 bushels spring wheat. With the exception of Illinois and Missouri, the winter wheat yield represents the full capacity of the soil. The spring wheat yield in Minnesota and the Dakotas has proven a disappointment, the aggregate being only 129,000,000 bushels. The shortage there is in a measure counterbalanced by the good yield in Nebraska, Oregon and Washington.

NEW GREEK CABINET.

Favorable Reception Accorded the Ministers by the Press.

ATHENS, Oct. 4.—The new cabinet organized by M. Zaimis has met with favorable reception from the press. The Asty, the Akropolis, the Epimeris and the Scrip all denounce M. Delamantis. The Scrip hopes that the "Greek Olivier" will cease to disturb the country he ruined, adding that "his return to power would be a national disgrace." The new ministers have taken the oath of office before King George.

WILL WORK FOR GEORGE.

NEW YORK, Oct. 4.—Former Congressman Tom L. Johnson of Cleveland, has come to this city to work for Henry George. Mr. Johnson has won fame by his hustling campaigns in Ohio.

TELEGRAPHIC BRIEVITIES.

The attendance at the Nashville exposition since the opening up to Oct. 1 amounted to 1,196,685.

Two troops of cavalry have been sent to Darlington Indian agency to keep order during the Choctaw elections.

Joe Wheeler has made a new record for 4-year-old pacing geldings, having made a mile in 2:07 1/2 at Oakland, Cal.

John L. Stoddard of Boston has announced his retirement from the lecture platform after 18 years of active work. He has lectured 2,500 times and is worth \$500,000.

The estimated earnings of the Chicago, Rock Island and Pacific railway for the month of September are \$1,807,000, an increase as compared with September, 1896, of \$344,023.

The steamer Rowena Lee struck a snag near Moon's Landing, on the Mississippi river, and sunk. Crew and passengers were saved. Seventy-five bales of cotton floated down the river.

The Chicago, Rock Island and Pacific railway company has offered a reward of \$500 each for the capture of the five men who held up and robbed its passenger train at Chikaskia, a T.

WATER FAMINE IMPENDING.

Kansas and Missouri Suffering From the Drought.

KANSAS CITY, Oct. 4.—A water famine is impending in this part of the southwest. In the immediate vicinity of Kansas City there has not been such a scarcity of water for 17 years. All the small streams and many of the ponds in Jackson county are reported to be dry and the same is true all over this section of the country.

Almost every town in Missouri and Kansas is already feeling the effects of the water famine. Those which are coming out best are the ones which have artesian wells. The suffering among the farmers is greater than in the towns, however. Many farmers have been obliged to haul water for miles. Stock as well as people are suffering and vegetation is drying up. Unless rain comes soon severe results may ensue.

AUTHORESS' FUNERAL.

Mrs. Katharine Hodges Buried by the Order of the Eastern Star.

CHICAGO, Oct. 4.—The funeral of Mrs. Katharine Hodges, the well-known authoress, took place yesterday. The services were held under the auspices of the Masonic order of the Eastern Star. Mrs. Hodges, whose death from apoplexy occurred last Thursday, was widely known as an authoress and newspaper writer. She was a member of the Woman's Press association, president of the Authors' Protective Publishing company and the author of several books, among which are histories of New York, Colorado, "Fifty Years a Queen" and "Life of Mrs. Henry Ward Beecher."

ECLIPSE OF THE SUN.

Two Expeditions Will Visit India to Witness the Event.

OAKLAND, Cal., Oct. 4.—Two expeditions will leave the state this month for India to witness the total eclipse of the sun. Professor Charles Borchgrevink, astronomer at the Chaboy observatory will go with a complete outfit, and Professor W. W. Campbell of Lick observatory will represent the state institution. The Pierson expedition for the Chaboy observatory will leave Oct. 30. W. W. Campbell of the Lick observatory will start Oct. 21 and it is not probable that the two expeditions will meet in the Orient.

SLUG BEDS BURNING.

WATSEKA, Ill., Oct. 4.—A phenomenon is exciting Watsika. The earth is on fire. The old slough beds burn like dry prairie in the hot weather, the conflagration extending three or four feet into the ground. Portions of several farms are affected, and in several instances buildings have only been saved by timely work. Nothing can extinguish the fires but a drenching rain. Fortunately, progress of the flames is slow.

SEQUEL TO AN ELOPEMENT.

LOUISVILLE, Oct. 4.—The sequel to the elopement of William Russell Taggart, son of John H. Taggart, the wealthiest man in town, last week, came last Saturday in the shape of a divorce suit against his wife, Maria G. Taggart. Taggart alleges that the defendant, whom he met while in a drunken condition, induced him to elope with her to Jeffersonville. Young Taggart was engaged to a society belle.

ROBBED A STREET CAR.

KANSAS CITY, Mo., Oct. 4.—Two men, at the points of revolvers, stopped a cable car one mile south of the city on the Summit street line on the last Saturday night, secured what small change the conductor had and escaped. Gripman N. J. Israel did not comply with the order to stop quick enough and one of the men fired a shot at him. The robbers were young men.

REPORTS FROM COPPER CREEK.

SEATTLE, Wash., Oct. 4.—The steamer Wolcott has arrived from Prince William sound, Alaska. The Wolcott had two passengers, who report that everything was quiet on the Copper river. Ex-United States Marshal Lewis Williams of Alaska, who was one of the passengers, states that it is utterly impossible for boats to ascend Copper river owing to rapids and other obstructions.

FATAL PRairie FIRE.

WINNEPEG, Man., Oct. 4.—The prairie fire which raged all over the country Saturday, left a terrible scene of death and devastation, farm houses, implements, crops and live stock were everywhere consumed and many farmers lost their all. Forty miles east of this city two women and five children named Moreski were burned to death. Fire came up to their house, which was in the woods, from two directions simultaneously and shut off all means of escape. Only a few charred remains were found yesterday. There were many narrow escapes, carcasses of horses, cattle and sheep lying all over the district and a number of families of foreigners are homeless and utterly destitute. The town of Bagot, 70 miles west, was totally destroyed.

TERRIBLE EXPERIENCE.

Tortured With Hot Irons by Thibetans. Has Twenty-Two Wounds.

BOMBAY, Oct. 4.—Henry Savage Landor, a well known artist, traveller and writer, and grandson of the celebrated Walter Savage Landor, has just returned to India after a terrible experience.

He had undertaken an exploring tour in Thibet, but he was abandoned by all the members of his company except two coolies. Finally the Thibetians arrested him by an act of treachery, sentenced him to death, and after torturing him with hot irons, actually carried him to the execution ground.

At almost the last moment the execution was stopped by the grand lama, who commuted the sentence to torture by the "stretching log," a species of rack, which greatly injured Mr. Landor's spine and limbs. After being chained for eight days he was released. Mr. Landor has no fewer than 22 wounds as the result of his torture.

DIDN'T WIN AND SHOT HIMSELF.

CINCINNATI, Oct. 4.—Joseph P. Holzbach of the police force committed suicide by shooting last night. He had some of the most popular policemen vote for the prize to the winner is a free trip to the Nashville exposition.

RIO GRANDE WRECK.

Two Passengers Killed and Thirteen Others Injured.

CAUSED BY RAILS SPREADING.

Wholesale Case of Poisoning by a Mother. Strychnine Placed in Coffee of Which She and Her Children Partook With Fatal Results—Father and Two Sons Escape the Dose.

COLOPAXI, Colo., Oct. 4.—The first section of the Denver and Rio Grande narrow gauge train No. 4 met with an accident just west of here yesterday. The accident is believed to have been caused by the spreading of the rails. Two passengers were killed. The train was made up of one baggage car, three tourist cars, one coach, three sleepers and a paycar.

One coach, three sleepers and the paycar left the track and rolled over on their sides. The wreck occurred at the end of a trestle, the last car of the train having only passed across the bridge. Had the accident occurred while the train was crossing the trestle the loss of life would undoubtedly have been very great. The following is a list of the dead and injured. The dead: Mrs. McINTYRE of Silverton, killed outright. FRED W. SEYLER of Cincinnati died on the train going to Salida. Seriously injured: Mrs. Robinson of Delta, head injured. Mrs. Mary Johnson, Telluride, right shoulder injured. Frank E. Adams, Telluride, cut about head.

Miss Ada Crompton, Delta, slightly injured. Mrs. Saunders, Salida, cut on lip and left shoulder. Slightly injured: Miss Laura Gates, Denver, cut on head. Mrs. James Kirk, Montrose, slightly bruised. Mrs. G. N. Compton, Denver, back slightly injured. J. H. Shay, Telluride, left leg and right shoulder hurt slightly, cut about head. Lulu Chase, Denver, bad cut over right eye.

F. H. Posey, Denver, right arm broken. John Melling, Telluride, slightly hurt. C. H. Bernadeser, Telluride, right side of face scratched. A number of the more seriously injured were taken to Salida where they are being cared for.

Those who could not continue their journey to Denver. The wrecked train was bringing excursionists to Denver to attend the carnival exercises.

FAMILY POISONED.

Four Children and the Mother Dead and Others in a Serious Condition.

SCHUYLER, Neb., Oct. 4.—Frank Seind came hastily in from Shell Creek precinct, nine miles northwest, yesterday to summon a physician to the home of Frank Davis, where he said the whole family had been poisoned. Dr. Sixta hastened out and found four of the seven children in the family and their mother dead, a fifth child in a dying condition and a sixth victim sick. Mr. Davis and his eldest son went away early in the morning, leaving before the rest of the family breakfasted. When the meal was prepared all sat down, and early in the course of the meal Mrs. Davis made some such remark as: "Eat a good breakfast and we'll go together." An older son's mind was affected by the remark to the extent that he did not appease his appetite. A daughter, younger than the son, after drinking about half a cup of coffee, became sick and vomited. The rest of the family continued the morning meal, although the children made very wry faces and said the coffee did not taste good. Strychnine had been put into the coffee and soon showed its effects, when those not prostrated spread the alarm, but not soon enough to avoid the fatal effects noted.

Famous Horse Dead.

LOUISVILLE, Oct. 4.—Imp. Eothen, the famous sire of Reginald and other crackers, died Saturday at the Eothen stock farm, near this city. He was the property of Colonel J. J. Douglas, who bought him from the Finzer estate after the death of Nick Finzer two years ago. Eothen was valued at \$30,000.

May Lose His Foot.

SULPHUR SPRINGS, Ind., Oct. 4.—Jerome Ayers went to Elkhorn Saturday to visit relatives. He attempted to board a freight train on the Panhandle, but missed the stop and the wheels ran over both feet, cutting off the end of five toes and injuring the left foot so badly that amputation may be necessary.

\$20,000 Breach of Promise Suit.

SHOALS, Ind., Oct. 4.—Miss Hallie Herndon of this city has filed suit against Otto Ebelisier of New Albany for \$20,000 for breach of promise to marry. Ebelisier was married to Miss Lonet Eckert Sept. 13 at Trinity Springs, Marion county. He denies having made any promise to Miss Herndon.

Freight Wreck on the Nickel Plate.

CLEVELAND, Oct. 4.—In a freight collision on the Nickel Plate railroad at Willoughby, O., yesterday, Engineer Charles Brown of Bellevue was killed, and seven cars loaded with grain and stock were demolished.

Heart Disease Cured.

WHEN a well known minister after suffering for years with heart disease, is cured, it is not surprising that he should publish the fact for the benefit of others. Rev. J. P. Smith, 1045 Fulton St., Baltimore, Md., writes: "For years I suffered from a severe form of heart disease. I used Dr. Miles' New Heart Cure and my heart is now in good condition. Recently, other afflictions came upon me. There was humming, painful sensations on top and back of my head. Fifteen minutes reading would make me almost wild; there were pulling and drawing sensations in my legs all the time, so that I could not sit still. In this condition I began taking Dr. Miles' Restorative and its effect was simply wonderful. I heartily commend your remedies." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

Why is a Building Association Safe and Profitable?

Because they loan only on first mortgage.

Because they enable you to convert rent money into a home.

Because they make better Citizens of the poorer classes, by the more equal diffusion of wealth.

Because they are purely mutual, as each share receives its part of the profit.

Because they stimulate the building trade, give labor employment and improve values.

Because they enable the poor man to acquire a home.

Seymour REPUBLICAN.

John R. McLean's Great Newspaper.

Without single exception, there is beyond doubt no greater or more regular newspaper in the United States than the Cincinnati Enquirer; a more successful publisher than any other, Mr. John R. McLean. The time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; but times and cheaper journals failing to arrest its onward march and high appreciation of the public for its worth and merit.

The Enquirer at beginning of its campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: 'The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to with a cheaper journal cannot afford.'

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve faithfully with zeal and enterprise in minor matters as well as in the greater magnitudes.

ERRORS IN LIVING.

Man's Excessive Appetite and the Body's Capacity For Food.

To the lay mind nothing seems to argue so strongly in favor of robust health as a hearty appetite. Furthermore, there would seem to be a strong conviction in the public mind, sanctified by tradition from time almost immemorial, that the more a man eats the better he is. The quantity of food that many people naturally eat is very large as compared with their actual physiological requirements. Add to this the many tempting forms in which food is presented to the palate by our modern culinary arts, the sharpening of the appetite by the antepandrial cocktail, the stimulus afforded the appetite by a bottle of good wine, and the result is often the consumption of an amount of food that simply overwhelms the assimilative organs. Such indulgence, if unrestricted and habitual, taxes both the assimilative and the excretory organs to their highest capacity, especially when coupled with sedentary life, and, moreover, it lends an additional impetus to the evils springing from the use of improper quality of food.

The human elaborating and excretory mechanism was evidently adjusted for ordinary wear and tear to an average limited period of about 70 years. Under 40 per cent of extra work we must naturally expect impairment or breakdown of the mechanism much earlier. It should therefore excite no special surprise that so large a proportion of our well-to-do people die from Bright's disease, heart failure and allied diseases at 60 or 65 who should, and under properly regulated lives and habits would, have attained the natural age of 70 or over. Paradoxical though it may seem, such people usually spring from exceptionally healthy stock and often point with pride to the fact that their immediate ancestors lived to advanced ages of 80 years or more. This paradox, however, is more apparent than real, for investigation will usually reveal the fact that for the most part the parents in such cases were people of more simple habits, such as corresponded with New England life 75 or 100 years ago.

The truth is that the well-to-do man of today lives in a faster age than that of his father and grandfather. He meets with greater opportunities and possibilities and therefore greater stimulus to all his energies. He more easily acquires pecuniary resources, and in larger amounts, and therefore he possesses greater luxuries of domestic life. With these come greater temptations to excess. While he has often inherited a splendid constitution from his ancestors, unlike them he has run his physical mechanism at a breakdown rate, and it must of necessity more quickly wear out.—Charles W. Pardy, M.D., in North American Review.

If you eat what you like, and digest it, you will surely be strong and healthy.

But if you don't digest it, you might almost as well not eat, for what good can your food do you if it don't nourish you?

If you find that you can't digest it there is a simple help for your stomach.

It is Shaker Digestive Cordial, made by the Shakers of Mount Lebanon. It has never failed to cure the worst case of indigestion.

Strength and health come from the food you eat, after it has been digested and has gone into the blood.

The best tonic is digested food. The best aid to digestion, Shaker Digestive Cordial.

When you have acid eructations, nausea, headache, wind, dizziness, offensive breath, or any other symptoms of dyspepsia, Shaker Digestive Cordial will cure you.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other disease.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney, and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, bottled free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. HOUSES BUILT IN TREES.

New Guinea Claims the Distinction of Furnishing This Unique Spectacle.

Man was indubitably at one period of his existence an arboreal animal. He had much to do with "the trees of the garden." In some places and as represented by some races he still lives among them.

The natives of New Guinea climb like monkeys and travel for long distances from one tree to another without descending to the ground. The birds build little fairylike cabins on the ground, but the people construct their houses in the top of the tallest forest trees. First a native, having climbed the great trunk of the oak or cedar or oak tree he has selected, begins by cutting off some of the branches the right length to support a platform of bamboo on which his house is to rest. You would wonder how he could do anything with the tools he uses if you should see them. He has no saw or steel edged ax, but only a sort of tomahawk made of stone and knives of bone or hard wood. When, however, he has in some way managed to get the limbs of his tree so cut and fashioned as to support his house, his hardest work is done.

The house itself is soon built and is made of bamboo strips and thatched with palm leaves. All parts are firmly lashed together with strips of rattan palm, a very tough vine, used by the natives in place of ropes. It is not a large house, though it sometimes contains several rooms, but it is a safe and secure retreat for the women and children in case of a sudden attack by hostile tribes.

The house is reached from the ground by a long ladder or inclined plane, made of woven vines. In case an enemy appears the ladder is drawn up, and the man and his family and the pig are safe within the house. The elevation not only secures the household from wild beasts and from the ants that roam the country, seeking what they may devour, but also from disease germs, which, like those of yellow fever, do not rise above a certain level. The breeze, too, rocks the house gently, like a cradle, and sets the fresh air into circulation, making it delightfully refreshing after the sultry heats below.

If you should climb the long ladder and peep in at the door, you will find the family, perhaps, all asleep sitting about the floor eating yams, coconuts and bananas, and sharing them with their pet pigs, parrots or poultry. You will find there no pictures, toys or playthings, such as even the poorest children among us possess; no music and no books, no furniture in the room, not even a bed and no mats on the floor.

Many a true built nest is constructed with more art and is more comfortable for the little ones who are born in it, and is far prettier than the rude huts of the wild men of New Guinea.—Philadelphia Inquirer.

THE SUN'S DISTANCE.

Would Take Five Hundred Years to Cover It at a Swift Steamer's Pace.

"The sun is about 93,000,000 miles distant from the earth," writes Alden W. Quimby in Ladies' Home Journal. "It varies through the year because the earth's orbit is elliptical, and the sun is at one focus of the ellipse. The earth is more than 3,000,000 miles nearer the sun in December than in June, at which time the latitudes south of the equator receive his direct rays and experience the great heat of their summer. "Let us try to comprehend the figures stated. The other day two racers of the sun promptly lowered the record of transatlantic passage. Could they turn their backs to the sun, and drive their great engines day and night in the crossing of the ether main, it would be 500 years before they could reach harbor."

"Most persons have noticed the appreciable interval of time between the stroke of an ax at a distance and the resultant sound. Could we hear the sound of a solar explosion we would know that the explosion had occurred 14 years before. Perhaps the most striking illustration is that which imagines a little child to have an arm long enough to reach the sun. The child might thrust its fingers into the seething fires, but it would grow up to maturity and calmly descend into the valley of extreme old age, blissfully unconscious of any pain from the burning; in fact, it would require another such lifetime to bring the news to the brain."

Birds That Feign Death.

One of the most remarkable devices resorted to by wild things for their own protection is that of shamming death. A beetle or spider will double in its legs and lie as if dead. The reason for this is obvious. It may then be passed over, mistaken for a bit of leaf or stick. But it is more difficult to account for this practice in birds.

A moor hen or land rail will feign death, lying in the hand perfectly limp and to all appearances unconscious. It has been suggested that the idea is that, being already dead, the captor will not trouble to kill them.

More probably it is merely a ruse in the hope that by lying still they may be forgotten and crawl off presently unobserved. Another reason is suggested by the fact that cats and the cat tribe do not often touch their prey unless it moves.—London Standard.

A Double Purpose.

Get into the habit of walking with the eyes cast thoughtfully on the ground. It gives people the impression that you are a deep thinker, and you may be able to pick up articles of value that others have lost.—Athenian Globe.

Companions of the noble orders take rank immediately after the Knights of the same order, their precedence among themselves being arranged by a complicated but well understood system.

Many books require no thought from those who read them, and for a simple reason—they made no such demand upon those who wrote them.—Colton.

Last Month of the Tennessee Centennial Every Saturday Tourist Sleeping Car Route to California.

The month of October closes this greatest of all expositions ever held in the South, and next to the Columbian, the best ever held in this country. For the closing month special attractions have been arranged and the rates from all parts of the country have been made lower than ever before known. The location (Nashville, Tenn.) is on the main line of the Louisville & Nashville railroad, directly on its through car route between the north and south, and the trip in either direction via that city can be made as cheaply, if not cheaper, than via any other route. Ask your ticket agent for rates, or write to C. P. Aumo, General Passenger Agent Louisville, Ky., for rates and information.

Ask Them, If You Want Information About Home-Seekers' Excursions.

Ticket agents of the Pennsylvania Lines will furnish information regarding Home-Seekers' Excursions to various points in the north-west, east, south-west and south. It will pay you to investigate if you contemplate a trip. Apply to nearest Pennsylvania Line Ticket Agent, or address W. W. Richardson, district passenger agent, Indianapolis, Ind.

CHICAGO TRIP
To Mammoth Cave and Tennessee Centennial.

Personally conducted excursion via Pennsylvania Lines. The Ideal Autumn Outing.

A special party of teachers and friends will visit the famous Mammoth Cave and the Tennessee Centennial at Nashville early in October in charge of Prof. C. F. Patterson, superintendent of public schools at Edinburg. The trip will be made over the Pennsylvania line Friday evening, October 1st. The train will leave Seymour, Ind., at 4:51 p. m. that date.

Special arrangements have been made for the reception of the party at Mammoth Cave, which will be reached the same evening. Explorations of this wonderful work of nature will be concluded Saturday morning, when the party will proceed direct to Nashville, reaching the Centennial Exposition early Saturday afternoon, enabling excursionists to spend Saturday afternoon and evening viewing the sights at the exposition. Advance arrangements have been made for their entertainment at Mammoth Cave as well as at asville at reduced rates. The entire trip, fare and entertainment, need not cost over \$12.

The return journey may be made so that teachers need not miss being on hand at their school, as they may get back in ample time to resume school duties Monday morning. A cordial invitation is extended the public to take advantage of the low rates and special arrangements. The excursion will not be restricted to special parties or individuals. You are invited and will be welcomed to enjoy it. If you drop a line to Sup't. Chas. F. Patterson, Edinburg, Ind., he will cheerfully answer inquiries, or details may be ascertained by addressing W. W. Richardson, district passenger agent, Pennsylvania lines, Indianapolis, Ind.

Bucklen's Arnica Salve
The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per bottle. For sale by J. S. Porter.

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union Passenger Station of the Chicago, Milwaukee & St. Paul railway at 10 o'clock, running over the Chicago and Omaha Short Line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada and Sacramento, Cal., arriving at San Francisco at 8:45 p. m. Wednesday.

As will be noticed, this route is Midland through Northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies) Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery.

These popular every Saturday California excursions for both first and second class passengers (not foreign emigrants) are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together, or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey.

Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant, and the sleeping berth rate is but \$6.00 (for two persons) from Chicago to California.

Ask the nearest ticket agent for a tourist car "folder," giving complete information about the Midland Route or address "Eastern Manager Midland Route," No. 95 Adams street, Chicago, Ill., or Robt. C. Jones, Traveling Passenger Agent, C. M. & St. P. Ry., 40 New Building, Cincinnati, O.
